

Dear Paul Davis National:

My name is \_\_\_\_\_ and I am an 8<sup>th</sup> grade student at Mitchell Middle school. On February 27, my school was damaged by a fire. The fire caused lots of mayhem and confusion. Many hearts were broken. The fire affected the students and staff but also the community. When I heard about this I was shocked. I personally thought that we would never go back because of how much damage was done to our school. I didn't want to leave my friends or my education.

I would like to thank Paul Davis National for helping our school in this extremely hard time. You guys put your heart and effort to help us come together. Everything you guys did showed how much you cared for us and the school. You guys did an amazing job in all the effort you put into helping our school. I just want to thank you guys for everything you did to help us. I wish we could give something back to thank for all you did.

Dear: Paul Davis National

My name is \_\_\_\_\_  
and I am an 8th grader  
from Mitchell Middle School.  
But on February 27, my school  
was damaged by a fire that  
destroyed a lot of supplies. It also  
created smoke damage and water  
damage. This fire even destroyed  
the elementary school's gym.  
For a moment I feared the worst  
that we would have to go to  
another school and have to start  
all over.

But I would like to thank  
you, Paul Davis National for not  
making my worst fear a  
reality and for all your hard  
work. Also I would like to thank  
you for getting our school looking  
tip-top again. I would also like  
to thank you for your round-the-  
clock support and how effective  
you were with getting this school  
working again. You have given all the

students the pride they need  
to succeed, so I would like  
to thank you once more for your  
hard work and the confidence,  
pride, and courage you gave me and  
all Mitchell School students to  
succeed.

Dear Paul Davis National:

My name is \_\_\_\_\_ and I am an 8th grader at Mitchell Middle School. On February 27, my school was damaged by a fire. The fire caused damage to the elementary gym, but the smoke carried around the school and through the vents. This event caused your company to clean most of the vent and we are thankful for your help and for replacing supplies. This caused people to lose stuff and elementary students had to go to a different school.

I would like to thank Paul Davis National for helping our school in this hard time. Thank you for donating to our school and giving us supplies to replace the things we have lost. It makes me and the other students feel special and also happy that someone cares. People have lost a lot of things and it surprises me that people would actually help. This really means a lot. Thank you Paul Davis National.
